Re: Eversource Energy Excellence Award  
Szczesny & Blogoslawski Parking Garages

Dear Daniela:

The City is delighted about using this program and enjoy our continued relationship with ESC to continue with many CIP projects.

Since this project has been completed, we have noticed significant savings as well as security improvements with improved lighting in our Szczesny and Blogoslawski Garages. The lighting has provided a safer and more balanced light distribution with increased savings.

This project adds to the list of projects that ESC has helped us complete within the City of New Britain to accomplish improved state of the art lighting and significant savings in a time where budgets are tight.

The City looks forward to working with ESC and Eversource with programs like these to conserve wherever possible.

Sincerely,

Jonathan Delgadillo  
Manager of Facilities & Energy
