Re: Eversource Energy Excellence Award

Dear Jack:

The Town is ecstatic about using this program and hope to continue with many CIP projects moving forward.

Since this project has been completed, we have noticed improvements in many areas, especially in the Douglas Library where the air handling units seem to be more balanced and the humidity issues have all but disappeared.

This project also enhanced the lighting at our parks and recreation facility along with town hall and a few other locations and has confirmed to be an improvement overall.

The Town looks forward to working with Eversource and like programs to conserve wherever possible.

Sincerely,

Andrew J. Tierney  
Town Manager
