

We at TANGO hope you, your employees and your loved ones are well during these challenging times. We are committed to continuing our **complimentary** Educational Workshops via **Webinar** to help educate our TANGO Members, keep you informed on changes in the workplace, and to help your nonprofit organizations thrive!

RSVP TODAY!

Join TANGO and their Partner **Environmental Systems Corporation (ESC)** on July 14th for an informative educational webinar focusing on:

Protecting Workers in your Building Environment: What you Need to Know!

Every company is facing the challenge of bringing people back to a physical work environment. Although there may be a mix of work from home in the “new normal”, having a physical space will always be a need for most companies.

Join **TANGO** and their Partner **Environmental Systems Corporation (ESC)** for an informative webinar on how to keep your employees safe in their work environment.

This complimentary educational workshop is geared towards **Building Owners, Facility Managers** and those who **lease office space** where we will examine ways you can protect your greatest asset, **your employees and customers**, while making them feel safe.

Learn about:

- Increasing Air Flow
- Sanitizing Duct Work
- Elevated Body Temperature Scanning
- Contact Tracing . . . and much more!

We will also discuss how your company may be eligible for significant savings while improving your energy efficiency!

RSVP today click here!
